Re: National Day of Broadcast – 2017

Dear Michelle,

This is a letter confirming the support of the Yukon Child and Youth Advocate Office (Advocate Office) for the National Day of Broadcast in November 2017.

The primary role of the Advocate Office is to support, assist, inform and advise children and youth respecting services of the Yukon Government. In doing so, the Advocate Office operates under the *Yukon Child and Youth Advocate Act* and takes into account the provisions of the *United Nations Convention on the Rights of the Child*.

The Advocate Office supports the goal of this broadcast to empower youth to share their voices from our nation's most vulnerable sectors. While taking place on the UN International Day of the Child, the broadcast will demonstrate the principles of the *United Nation Convention on the Rights of the Child*, including the right to be heard. The Advocate strives to promote the rights and views in every aspect of its work and has confidence that the broadcast will highlight experiences and issues that pertain to youth.

The Advocate Office will contribute:

- A commitment to disseminate the communication materials for the National Day of Broadcast
- A recorded 60 second message from the Advocate
- Youth voices in local content for the National Day of broadcast

We encourage others to lend their support to this project for the future of the children across the country and wish you the best in planning this inspiring endeavor.

With Respect,

Annette King
Child and Youth Advocate
